PROFESSIONAL EXPERIENCE/INTERNSHIPS

Industrial	Android Development Kuliza Technologies Bangalore	Jan, 2017 – May, 2017
I have worked on Android and react native during the internship. I worked on two live projects during this internship.		

PROJECTS

Financial Application

I worked on the project of one of the famous financial company of India. This android app will be used by their policy partner to automate the process of selling the policies. This application has the feature of scanning the retina of user and verifying it with Aadhar.

Go Aptitude

Guide : Rajat Talesra

I contributed in the development of android app Go Aptitude. It is an offline aptitude quizzing app with notes and formulas. I developed notes section in it and improved UI of the app. It is uploaded on playstore and we got very good reviews for it.
